Taste the music

What can i expect?

Music Styles:

Jazz food: Jazz is very raw and all around the place, with a lot of swing influence that makes it feel fun and wild, the dishes will represent that

Soul food: There is something about soul music that touches your soul. It's like soul food, you get a comforting feeling from it all.

Blues food: Full of color and bright flavor, the blues originates from the southern parts of America where alot recipes were based on the feeling of blues music, so alot of southern influences
